Well, see for yourself : more ugly overpriced trailers for a price.. would not recommend Heavy Cargo Pack!!!!

this has been a waste of money. i brought this download since day one and after many many game hours i still havnt found a load that is shown in the photos, no milling machines no cranes no trains and no massive boat eta eta... just a bunch of tires a box and a bunch of other stuff i wouldnt class as Heavy Cargo.

they need to rethink this pack or even add a lot more items to the pack because in its current state this is shocking and a complete waste of money for something i had very very high hopes for.. with this dlc, you need to practice to drive carefully when you're going via super narrow toll exits. your truck might stuck when turning.....
